

Keston Mono-Pitched Polycarbonate Clad

The Keston is a polycarbonate mono-pitched canopy purpose designed for the public market, this is not a lightweight domestic canopy designed for the patio. Using structural steel sections large uninterrupted spans can safely be achieved. The lean to format can be used to butt up to existing walls or over sail existing roofs and gutters without creating an additional roof valley.

Warranties

Framework - 25 years
Polycarbonate Cladding - 10 years against discolouration through sunlight

Sizes

The maximum width for the Keston is around 7m but each canopy as fabricated to suit the clients requirements.
